## Installation

Refer to the 864 HO Diamond-Fyre Burner Installation Instructions.

### **STAINLESS STEEL WARNINGS**

**HANDLING THE FIREBACKS:** The stainless steel firebacks are shipped in vinyl to prevent marring the surface of the stainless steel. **Install the firebacks, then remove the vinyl by peeling away the edges.**

**COLORATION AND CLEANING:** These stainless steel firebacks will obtain a slight "patina" (brown tint) after use. Do not clean the firebacks. This patina becomes consistent. Any cleaning may lead to unequal coloring. If soot forms on the fireback, we recommend brushing it off with a soft cloth or brush.

### **CLEANING ENAMEL FIREBACKS**

We recommend cleaning the enamel surface with glass cleaner and a soft cloth.
