Designer w Door – Small Radiant Plus	95200174	19-1/8"	29-1/8" **

* The Times Square face, when installed, is 9/16" above the base of the insert.

** The Designer face is 1/2" wider than this dimension at the top.

Installation

1. The insert should be in position with gas line and flue/intake attached. If using a surround panel, it should be attached as well.
2. Attach the face to the insert as shown below.
